TECHNICAL DATA SHEET

MOTORS LIVE COOLANT, ANTİFREEZE, -10 C

PRODUCT DESCRIPTION

ANTIFREEZE -10C is superior quality ethylene glycol based cooling liquid formulated with special additives in order to be used for four seasons for cooling systems of all gasoline and diesel vehicles. Prevents freezing of radiator water in cold climates as well as boiling of radiator water in hot climates thanks special formulation.

FEATURES AND BENEFITS

✓ Compatible with all cooling system parts and sealing elements.

✓ Protects the cooling system against rust and corrosion.

✓ Prevents formation of electrolyze. Thus, ensures longevity and high performance of the cooling system.
